aeSolutions is an engineering consulting and systems integration company that provides industrial process safety and automation products and services. We specialize in helping industrial clients achieve their site's risk management and operational excellence goals.

Bayer is a global enterprise with core competencies in the life science fields of healthcare and nutrition. We design our products and services to help people and planet thrive by supporting efforts to address the unprecedented global challenges presented by a growing and aging global population.

We believe everyone deserves access to the medications they need. That's the mission Blue Sky was born for, and every day we work to make it happen. It's why we put technology to work, creating portals for patients, physicians, payers, and pharmaceutical manufacturers to meet their unique, evolving needs.

Kevin Lucas is a graduate of Johnson & Wales Charleston, and was formerly the Executive Chef and General Manager of The Brown Street Club, as well as the Executive Chef and General Manager of The Corner Pocket Taproom. Today, you'll find him running The Bohemian Cafe with his wife, Jennifer.

Since 1977, Bushong Industries, Inc. has serviced the paper mills in the Southeastern United States with innovative, corrosion-resistant products, equipment and services.

CENTURY

Since 1975, Century Contractors has built an outstanding reputation by doing things right, and more importantly, treating people right. We're known for being able to take a project from concept to completion, on-time and on-budget. But it's our honesty, safety and empowering business culture that sets us apart. Our low employee turnover and commitment to career growth have made us a go-to choice for clients and trades professionals who value a company that makes them feel like part of a family.

We offer a wide range of insurance plans and products that focus on all aspects of your well-being—physical and emotional.

CSL Behring

Biotherapies for Life™

CSL Behring is a global biotherapeutics leader driven by our promise to save lives. Focused on serving patients' needs by using the latest technologies, we discover, develop and deliver innovative therapies for people living with conditions in the immunology, hematology, cardiovascular and metabolic, respiratory, and transplant therapeutic areas.

♥ **CVS specialty**[®]

Over the past five years, we have managed more Oncology, Rare Disease, and Gene Therapy limited distribution product launches than any other specialty pharmacy. We provide broad patient access and our solutions are customized for your product.

Dearybury prides itself in being a leader in the wholesale distribution of petroleum products by providing on-demand products, solutions, and delivery to our clients while maintaining consistent, competitive pricing and exceptional customer service to all of our many customers and partners.

DrugCo Health is a specialty pharmacy that is dedicated to taking care of each patient with the upmost respect. Our goal is to be a pharmacy, where not only medications are dispensed, but patients are taken care of in every aspect. We are devoted to ensuring complete patient care through our collaborations with physicians and payers. With DrugCo Health, you are not just a patient, you are family.

Since 1987, parent company Fuyao Group, has been producing outstanding automotive glass for the OEM & ARG markets. Now a global company and world leader in auto glass manufacturing, Fuyao's expansion into the U.S. marks a return to the midwest's manufacturing roots. Fuyao Glass America will continue Fuyao Group's tradition of high quality products and service, while better supplying North America's auto industry.

Genentech

A Member of the Roche Group

Genentech is a biotechnology company dedicated to pursuing groundbreaking science to discover and develop medicines for people with serious and life-threatening diseases. Our transformational discoveries include the first targeted antibody for cancer and the first medicine for primary progressive multiple sclerosis.

Jacobs

At Jacobs, we're challenging today to reinvent tomorrow by solving the world's most critical problems for thriving cities, resilient environments, mission-critical outcomes, operational advancement, scientific discovery and cutting-edge manufacturing, turning abstract ideas into realities that transform the world for good.

Our mission is to create value for our clients by constructing cost-efficient projects that meet or exceed expectations for safety, quality, schedule, and performance. Our business focus is on mechanical and electrical system construction, system upgrades, and system maintenance for industry clients that utilize heavy mechanical processes.

Logan's Roadhouse of the Carolinas was founded in 1997 by Charles F. (Chuck) McWhorter and family. Logan's focuses on a limited menu in order to provide higher quality, freshness, and value. With an unwavering focus on food quality and freshness, Logan's has its own professional meat cutters who hand-cut steaks from fresh USDA Choice inspected Midwestern, corn-fed beef and age in-house to ensure perfection.

MCKESSON

As a diversified healthcare leader, our solutions help patients access life-changing therapies, create a real difference for patients with cancer, and equip pharmacies, health systems and clinics with technologies to operate more effectively. We do all of this and much more as we pursue our mission to improve health outcomes for all.

MEDEXUS PHARMA

Medexus Pharmaceuticals, Inc. is a leading innovative and rare disease pharmaceutical company with a strong North American commercial platform. From a foundation of proven best in class products we are building a highly differentiated company with a portfolio of innovative and high value orphan and rare disease products that will underpin our growth for the next decade.

METROMONT™

At Metromont, we have a long history of bringing people together to create innovative, high-quality processes and products. We treat everyone we work with as a member of our own family, working for excellence as we provide outstanding service and products the entire team can be proud of. Today, we are one of the largest precast concrete producers in the country, and we got here by honoring our past, providing the best products and the best service, and embracing the future. Along the way, we've found success by maintaining our focus on our core values: faith, honor, and passion.

novo nordisk

Novo Nordisk is a leading global healthcare company, founded in 1923 and headquartered in Denmark. Our purpose is to drive change to defeat diabetes and other serious chronic diseases.

octapharma

Octapharma is one of the largest human protein product manufacturers. We develop and produce medicines based on human proteins from human cell lines and human plasma, sourced from our own plasma donation centres and other external sources.

PARAGON HEALTHCARE

We offer services in home infusion therapy, infusion center site-of-care operations, specialty pharmaceuticals, rare disease care, bleeding disorder treatment and management, and in-office infusion suite solutions for physicians.

PhRMA

RESEARCH • PROGRESS • HOPE

We strive to conduct effective advocacy for public policies that encourage the discovery of important, new medicines for patients by biopharmaceutical research companies. To accomplish this mission, we're dedicated to working with everyone in Washington, DC, and across the country.

When you hear "BlueCross BlueShield of South Carolina," you'll see people nodding in recognition. Most everyone knows who we are. As the only South Carolina-owned and operated health insurance carrier, we have been offering security to Palmetto State citizens for more than 70 years. We are also one of South Carolina's largest employers.

SpecialtyCareRx

Excellence is Our Specialty

Specialty Care Rx is known for being the 24/7 high touch specialty pharmacy. We coordinate with payers, medical providers, and manufactures that form only the finest healthcare teams. Our Specialty Care Rx team will handle all your insurance needs and work closely with your clinical team to make sure you are getting the proper medication and care.
